

Back-to-the-office survey

When do you think it will be safe to go back to the office?

- Any time now.
- One month.
- 2-3 months.
- Depends on what the health reports say.

Which social distancing measure do you think should be applied in the office? (Mark all that apply)

- No more shared desktops.
- No more face-to-face meetings.
- Limiting the capacity of common areas.
- Disinfecting the office at the end of each day.

Which of the following do you think should be mandatory at the office? (Mark all that apply)

- Masks.
- Disposable gloves.
- Hand sanitizer dispensers.
- Passing a Coronavirus test before going back.

If all the measures you selected are implemented, would you feel more confident about returning to the office?

- Yes, I would.
- No, I wouldn't.
- I'd like to try it for a day and see how it works.
- I'd rather keep telecommuting.
